Having been the first to make use of the principle of taking dirt, dust and trash out of the seed-cotton before ginning, and at the same time improving the quality of the staple, by the introduction of the

We claim to be far in advance of all or expetitors in setting the largest TURNOUT and the finest SAMPLES for our customers. Our Girs are the largest improved machines, are always kept in the best order, and so constructed that all of the hulls are thrown out thereby never reaching the roll to be cut up by the saws and blown into the lint-room.

We invite our riterials to come and inspect our establishment, and see for themselves whether or not we can do scientific work.

Our prices will always be as low as flose of any responsible establishment in the city.
